

Sudley Infant School
PE and Sports Premium 2016-2017

Budget £8905 Actual estimated spend = £13,480

Numbers of pupils : 270

Key objectives

- To encourage pupils to participate in regular physical activity and lead healthy active lifestyles.
- To provide our children with good quality Physical Education
- To increase participation in competitive sport
- To broaden the sporting opportunities and experiences available to pupils.

Outline of Sport Premium funding

Item/project	Cost	Objectives	Outcome
Dance curriculum programme	£2730	Employment of a specialist Dance Teacher to deliver high quality teaching to improve participation and attainment	To follow a progressive scheme of work. To develop fundamental movement skills through a range of dance styles. To develop confidence to perform a range of movement patterns.
Gymnastics curriculum programme	£1000	Employment of a specialist Gymnastics Coach to deliver high quality teaching to improve participation and attainment	To follow a progressive scheme of work. To develop fundamental movement skills and access a range of opportunities to extend their agility, balance and coordination, individually and with others.
Specialist Sports Teacher to coordinate PE across the school	£4000	Employing specialist teacher to work alongside teachers/classroom assistants in lessons to increase their subject knowledge and confidence in delivering Physical Education.	To ensure plans and schemes of work are in place for all the sports that are taught. To improve the quality of teaching and learning in PE. To implement assessment of PE across the school using PE passports. To support teachers and develop their confidence when delivering Physical Education. To enhance children's participation and attainment in a range of sports.
Child Play Leaders to coordinate active playtimes + adult 3x 1hr	£1400	Employing a specialist play leader to deliver structured games activities at playtimes	To work alongside lunchtime supervisors to increase the participation of children in structured and active games outside. To work with year 2 play leaders to give guidance and support.
Competitive sports/coaches/ medals	£400	To increase the number of children taking part in competitive sports	To implement Multi-skills inter school competition for Reception children, gymnastics inter school competition for Year 1 children, swimming gala for Year 2 children and intra school sporting event with Dovedale school.

Sudley Infant School Sports Premium Development plan 2016-2017

Swimming	Voluntary Contribution and staff costs £1000	Year 2 children will receive a 10 week block of swimming sessions delivered by specialist swimming instructors.	Pupils will be split into ability groups. They will follow a progressive swimming programme to develop water confidence and ability to swim. All children will take part in a water safety session.
Peer massage	Staff training £300	All children across the school will take part in massage sessions with a specialist teacher.	The children will follow a programme working on different techniques for peer massage. To develop their confidence, self- esteem, respect for one another and concentration.
Circusology	£300	Children in key stage 1 to take part in Circusology sessions with an instructor	For children to experience using different pieces of equipment to work on agility, balance and coordination.
Equipment	£400	To purchase equipment for on the playground, PE lessons and also for competitive events	To buy appropriate equipment needed to support curriculum planning, to support play leaders on the playground, to support school competitions in school and with other schools.
Samba Bamba – music and movement	£300	Children to take part in a Samba bamba workshop rhythm and movement	To introduce children to a range of music from around the world, learning dances and playing instruments.
Outdoor and adventurous activities	Subsidy and voluntary contribution £1500	Children to go climbing at the Climbing Hangar, Children to go canoeing at Liverpool Water Sports Centre	To organise trips to the Climbing Hangar and Liverpool Watersports Centre. To help develop childrens' team work skills, self –esteem, confidence and experience new sports.
Healthy Eating breakfasts	£180	Children have breakfast with parents and present a Healthy living and safety assembly	Parents are able to see what a healthy breakfast consists of encouraging them to provide this standard for their children

How the funding made a difference to the attainment of pupils, using data to support statements.

The funding we received last year 2015-16 has helped us to **increase the number of children taking part in competitive sport**. All children took part in at least 1 competitive sporting competition during the year. We introduced a new intra class Multi-Skills Competition for Reception children. This included the participation of parents, to help promote the benefits of physical activity and also to show to the parents the skills we expect the children to be able to perform in Reception.

All Year 1 children took part in an intra class Basketball Competition, building on the skills they had learnt in their basketball sessions. Reception and Year 1 children also took part in our Sports Fun Day Competition at the end of the summer term. This involved a range of sporting activities and fun activities, working in mixed teams of year 1 and reception children. All our year 2 children took part in an inter school competition with Dovedale Primary school. This took place outside on the playground in the summer term. We had an Olympic theme, which helped to promote the values of the Olympic Games. Also 16 of our year 2 children took part in an inter school Swimming Gala, which they won.

Last year we introduced **a new approach to assessing the children in PE**. The new PE passports have a list of targets for the children to work on over the year. Reception targets focus on the Physical Development Targets for Foundation Stage. Year 1 and 2 targets focus on the skills outlined in the National Curriculum, with the targets getting progressively harder from year 1 to year 2.

Each target is assessed to show if the child is working towards, meeting or exceeding each skill. If a child is working beyond their year groups targets they can be assessed using the next year group targets. This has helped to give teachers more information to parents about how their child is performing in PE. The staff are now more aware of how a particular child can improve and the skills that they may need to work on. It allows the teachers able to monitor progress each term and also to support them in the planning of PE lessons.

The Sports Premium money has helped to **give the children more of an opportunity to experience outdoor and adventurous activities** such as climbing and canoeing. The year 2 children went Bouldering at the Climbing Hangar. This is a sport many of the children had not experienced before. It helps to develop team building, self-esteem, confidence, whilst also working on agility, balance and coordination skills. We have a number of staff trained which reduces the cost of trips. Many of the children joined the local club of a Saturday or visited it again with their parents outside of school. They also went canoeing at Liverpool Water Sports Centre during the summer term – this proves to be a highlight of the three years at Sudley infant School - yearly parental questionnaires confirm this.

Specialist sports coaches have been employed in school over the past few years. Our specialist coaches offer expertise in their particular sports and have helped us to develop competitions and performances within school.

Lacrosse, Basketball, Judo, Yoga, Capoeira, Football, Dance, Gymnastics, Fencing, Golf, Tennis and Tag Rugby.

How will we make sure these improvements are sustainable?

The development of our PE passport has enabled us to track progress across the school and provide meaningful data – please see attached appendix

At Sudley Infant School we continue to work on developing Physical Education. We understand the importance of creating opportunities for children to experience a wide range of sports. We focus on developing basic skills in PE lessons to allow the children to use and apply these skills in a range of sporting situations, both now and in the future. We encourage participation in competitive sporting events and understand the importance of teaching children the values of sport. We will continue to work on and improve these elements of PE at Sudley Infant School.
