	TOTAL TIME	3 hours 5 min

We appreciate that parents/carers may have other commitments and may not be able to support your child to complete all home learning tasks each day. Please complete the tasks with your child in a way that works best for you both, when you can.

The suggested timings are only a guide, some children may complete them more quickly and others may need more time as every child is different. They activities may require an element of adult support or direction but should be able to be completed by the child. We don't expect 'perfect' work, when children are learning they make mistakes, this is part of the learning process and allows your child's teacher to see what they can do and what they maybe need more practice, support or guidance with.
